## OBJECTIVE

To leverage my extensive experience in web and mobile development as a full-stack developer. I aim to collaborate cross-functionally with technical teams and stakeholders throughout the software development life cycle to deliver high-quality solutions that meet user needs and align with business objectives.

## PROFESSIONAL EXPERIENCE

### Denukan Network Limited

Software Developer (July 2022 - Present)

- Collaborated with cross-functional teams including design and marketing to update and redesign the company website, adding clean and responsive JavaScript (React.js) frontend on a node.js backend.
- Implemented agile methodologies to manage projects, ensuring timely delivery and successful outcomes.
- Improved website performance by optimizing page load time, server response time, and website speed using tools such as Lighthouse, Gtmetrix and WebPageTest.
- Mentored and managed junior developers, providing guidance, support, and feedback to help them grow professionally.
- Contributed to open-source projects related to React.js and Node.js, including bug fixes and feature enhancements.
- Stayed up-to-date with emerging technologies by attending conferences, webinars, and training sessions on a regular basis.
- Improved team collaboration and communication by implementing tools such as Slack and Trello, and fostering a culture of open communication and feedback.
- Led and managed projects from start to finish, managing timelines, resources, and stakeholders to deliver successful outcomes.
- Ensured web projects adhered to fundamental SEO principles, resulting in increased search engine visibility and higher website traffic.
- Took ownership of projects and brought own ideas and creativity to the table, resulting in innovative and successful solutions.

### Edusko

Frontend Developer (December /2021 - June /2022)

- Used understanding of React fundamentals to promote better component lifecycle practices, resulting in more efficient and scalable code.
- Participated in an agile, collaborative environment to receive design requirements, peer program and manually test projects, ensuring that projects met high standards of quality.

- Translated design requirements and wireframes into high quality code and built reusable components and front-end libraries for future use, resulting in more efficient development and faster project delivery times.
- Worked with a team of web developers and software developers in an agile environment to create a Progressive Web Application, which included integrating and supporting back-end development and UI design.
- Participated in the development of a well-responsive single page application using the Next.js framework and JavaScript in conjunction with HTML5 and CSS3 standards, resulting in a highly performant and scalable application.
- Involved in the complete software development life cycle, including requirement analysis, design, implementation, testing, and maintenance, ensuring that projects were delivered on time, within budget, and met the highest standards of quality.

## **FusedAfrika**

Full Stack Developer (2019 – 2021)

- Developed user-facing software features for flagship products and all-encompassing platform
- Developed prototypes, user interface design, and wireframes.
- Implemented JSF framework in the application which is based on MVC design architecture.
- Worked with a team with web developers and software developers in an agile environment to create a Progressive web application, which included integrating and supporting back-end development and UI design.
- Translated design requirements and wireframes into high quality code and built reusable components and front-end libraries for future use.
- Optimized components for maximum performance across a vast array of web-capable devices and browsers.
- Implements fundamental SEO principles and ensures that web projects adhere to them.
- Acted as a major contributor on the Research and Development (R&D) team by doing greenfield development on newest products.

## **Dornier MedTech**

Sales Operations and Data Analyst (Part Time Contract) 2014 – 2016

- Demonstrated ability to consistently deliver reports and other project deliverables within required deadlines.
- Provided valuable subject matter expertise to ensure successful project outcomes, including scope definition, acceptance criteria development, and installation.
- Designed and developed effective dashboards and reports that visualized analysis results, enhancing the decision-making capabilities of stakeholders.

## **SKILLS**

- Deep understanding of HTML and CSS (Material UI, Tailwind CSS, Styled-components, SASS CSS3) and other standard web technologies.
- Strong proficiency in JavaScript (Vanilla JavaScript, React.js and Next.js) and TypeScript.
- Experience with Firebase real-time database, MERN Stack (MongoDB, Express, React and NodeJS).
- Version Control with git and GitHub.
- JIRA and Confluence.
- Effective State management tools (Redux, useContext and Redux toolkit).
- Search Engine Optimization (SEO).
- Graphics design and web design.
- Expert in Microsoft Office, with a focus on Microsoft Excel.

## **PROFICIENT SOFTWARE AND TOOLS**

- IDE (VS code, Android Studio, and Atom).
- Google analytics and Panel bear analytical tools.
- Confluence, Trello and Jira (scrum and kanban).
- ClickUp.
- Slack.
- Adobe Photoshop and Illustrator.

## **EDUCATION**

- **Lagos State Polytechnic**  
Mechanical Engineering
- **Johns Hopkins University**  
HTML, CSS, and JavaScript for Web Developers

## **CERTIFICATIONS AND TRAINING**

- NodeJS Tutorial and Projects Course (2023) - Udemy (In progress)
- Node.js API Masterclass With Express & MongoDB - Udemy
- React Native - The Practical Guide - Udemy
- Certificate of Completion in Professional Full Stack Web Development – Nanodegree Certification
- JavaScript - The Complete Guide 2020 (Beginner + Advanced) - Udemy
- Ultimate Web Designer & Web Developer Course – Coursera
- Graphic Design Specialization –Udemy
- Google Project Management: Professional Certificate
- Google Data Analytics Professional Certificate
- The Harvard Leadership Development Program (HLDP)
